JANUARY 2024

FROM THE DRIVER'S SEAT

Neil Stander

2024 has arrived and from the POMC committee, we would like to wish you a very prosperous new year. We trust that you all had a wonderful blessed Christmas and a wonderful festive season.

As a committee, we want to keep the momentum that had been built in the last years and get all our members actively involved in the club. Our monthly meetings have been up and down with attendance and we will endeavour to put together some interesting topics to be presented. Please feel free to suggest any topics you may feel would be of interest to our club members.

The annual calendars are available at the club please grab one so you can remind yourselves of our second Sunday events and all major activities that the club has planned.

As mentioned we will arrange a training rally and will confirm the date as soon as we have a committed date. We urge all experienced and novice members to attend this session to get all members excited about the rally calendar for the year.

For those interested the Pre DJ is on the 11th of February. Please support the rally as we endeavor this year to increase our cross-club interaction by supporting each other's

respective events. As a committee, we are planning to interact with other committees of the other old motor/motorcycle clubs to push an increased level of participation in respective events of not only our club but also other clubs.

Looking at the rally calendar for the year we want to make every effort to get these events as affordable as possible. One way is through sponsorship. We will be setting up a task team to lead the efforts in approaching potential sponsors. Anybody who has contacts that you could introduce to the committee for sponsorship would be highly appreciated.

The committee looks forward to seeing all our members at the first meeting on the 10th of January and our first second Sunday event for the year on the 14th of January. Get your cars all cleaned up and let's fill up the club grounds on 14th.

So rev up those vintage cars and let's have a 2024 to remember.

A-HOO-AH!

Neil

MONTH EVENTS

10 December 2023 Cars & Bike day – POMC Club

Die laaste 2nd Sondag van 2023 by die klub was koelerig met 'n paar druppels reën wat geval het.

Dit het egter nie die klub lede verhoed om hul motors en eet pakkies klub toe te bring nie. Almal het heerlik gekuier. 'n Paar motor- en kuier foto's is op die dag vasgevang.....

2024 se 2nd Sondag is reeds op die kalender uiteengesit. Sonitus skool sal weer op hul pos by die hekke wees vir toegang beheer aan toeskouers wat die motors wil kom besigtig. Die ouers, onderwysers en kinders van Sonitus skool sorg ook vir kos lekkernye op die dag. Merk die dae en kom kuier saam met klublede. Daar is altyd braai vure wat knetter en jy is welkom om jou eie piekniek mandjie te pak vir die dag. Die "Hoot en Toot" is altyd oop met byeenkomste vir 'n keel *natmakertjie*.

Presentation of Daantjie Badenhorst – 6.12.2023 RSG onderhoud – Taco Kamstra – 27.12.2023

deur – Taco Kamstra

Daantjie Badenhorst het sy aanbieding by die POMC se ledevergadering op 06 Desember 2023 gedoen.

Hy het oor die geskiedenis van die Suid Afrikaanse Motor Joernalistiek 'n praatjie gegee.

Die gevolg was dat hy so 'n magdom feite kon aframmel dat ons ons die stoele moes vas hou, anders het ons van die intreresanrte feite gemis.

Dit was 'n groot mylpaal in Daantjie se lewe. Daantjie kan elke padtoets van al die motors onthou van die eerste Car magazine af.

Toets hom gerus met hierdie kennis. Of hy sal sê die kar was nooit getoets in die Car magazine, of dit was wel in een van die ander tydskrifte van die tyd getoets. Ons is bevoorreg om

Daantjie as lid in ons klub te hê. Hy het "noot vit noot" en "Flinkdink" gewen. Hy is orals bekend.

Dit bring my na die volgende punt.

Ek het nie besef hoe beroemd Daantjie werklik is nie.

Op Facebook wat daar baie mense wat gevra het of daar 'n videoopname geneem is en daar was verskei versoeke vir dit. Daar was selfs mense wat bereid was om in te vlieg om die aanbieding te kan luister en vir Daantjie in aksie te sien.

Baie mense en lede is nou spyt dat hulle dit gemis het.

Die idee is nou dat Daantjie weer die aanbieding gaan doen in Februarie 2024 voordat die ledevergadering begin om 20h00. Daantjie sal dan begin om 19h30 en ons sal dit opneem en versprei op die internet. Daantjie gaan dit die keer in Engels doen.

RSG het 'n onderhoud met Taco Kamstrase ou-motor versameling gevoer op 27 Desember 2023. Dit onderhoud is op potgooi by RSG vir die wat die interessante onderhoud wil luister.

Die link is: <https://omny.fm/shows/intussen/taco-kamstra-se-ou-motor-versameling>

Welgedaan Taco!

Gister nog 'n mylpaal behaal. Ek het Elsje van Jaarsveld (omroeper by RSG) raakgeloop by 'n jaareindfunksie waar ek my Cadillac moes uitstal. Ek is gevra om dit met liggies te versier. Ek het toe die foto van Elsje geneem. Elsje het my later gekontak en gevra of ek 'n onderhoud op RSG sal doen. Die onderhoud was toe gisteroggend. Die ou karre gee my heelwat publisiteit. Die stokperdjie van my lei my op interessante paaie.

a-hoo-ah!

Its All About People – That's No Buhl! *Die Bul van Buhl!*

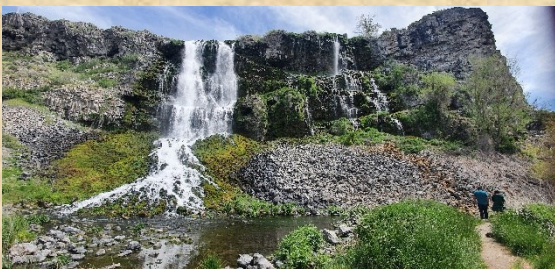

By Joe Palmer

Where are we? A small town called Buhl near Twin Falls, Idaho, USA. Twin Falls was placed on the map in 1974 when Evel Knievel attempt to jump the Snake River Canyon. In his risk-taking heyday, nothing seemed to intimidate the notorious motorcycle daredevil Evel Knievel. Not even the 152 meters deep, 402 meters wide Snake River Canyon, which he famously attempted to jump on a steam-powered sky cycle in September 1974.

But this is not about Evel Knievel. I planned a stop on our way back from Yellowstone National Park to give my son, the opportunity to catch fish in the Snake River near Water Fall.

Being an eager angler and a "Finally Fishing" YouTube celebrity, he would appreciate the hundreds of streams, waterfalls and numerous fish hatcheries.

But with accommodation at a premium, I decided on Buhl, a small town closer to the Thousand Springs State Park - Ritter Island.

Beautiful, but we strongly recommended that they rather call the "Balance Rock" the "Africa Rock" – for obvious reasons.

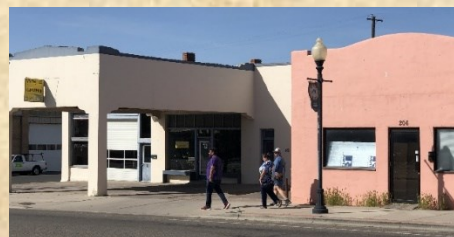

But let's get back to Buhl. Buhl is a small town, about the size of Clarens. First impressions are that the dilapidation of the town dates back years preceding the pandemic.

Walking The Streets of Buhl

Die Lewe in die Leë Strate van Buhl!

Die strate van Buhl laat mens dink aan Suid Afrika se plattelandse dorpe in die 1960s en 1970s. Maar die verskil is dat die helfte van die geboue in Buhl staan leeg en is verval.

Maar die mense is vriendelik en die omgewing interessant.

Soos hierdie Golf 1-Rabbit-erige kar.

a-hoo-ah!

Noddy sal trots voel op so 'n Poswa.

Wat van 'n Hummer H3 vir R190,000?

Op 'n stadium loop ons by 'n garage verby en ek merk 'n Ford Thunderbird agter die blindings op. Die deur is ongesluit en voorbarig genoeg loop ek net in.

Ek volg 'n stem en om die draai staan 'n man voor 'n yskas, besig om 'n Bourbon en soda in te gooi terwyl hy op sy selfoon praat. Ek klop teen die muur en toe hy om kyk, wys ek dat ek wil deurstap en kyk. Hy knik insiklik. Intussen het my familie my gevolg en ons stap deur. 'n Nuwe wêreld maak voor ons oop.

Maar kort voor lank is die man by ons, Bourdon in die hand. Eers is hy verbaas om Suid Afrikaners hier te sien. Maar so stap ons deur en elke kar word bespreek.

Monkey Wrench Garage

Monkey Wrench Garage is packed from side to side. Our guest is the part owner and took us on a tour without spilling one drop of Bourbon on the way.

Every hood (aka bonnet) and boot (aka truck) are opened and discussed in detail. This way, each of us ended up with the glass of Bourbon every time Dan must open a hood or start something.

Each car is in perfect running order and they all started on the first turn. Dan's pride and joy is this 1940's brown Chevrolet, still running on the original 6 cylinder. A rarity since most receive a small block 350ci donour (or is it "donor") engine.

100 years of Ford in SA: How it all began with Model T's arrival in 1923
By – Neale Hill – Ford President

Ford President Neale Hill reveals his story in exclusive interview.

The Ford Model T was named the vehicle of the century.

Ford Motor Company of South Africa was established in 1923.

In 1976, Ford Motor Company of South Africa produced its one-millionth vehicle.

In the modern world, we take for granted the conveniences that have become integral to our daily lives: computers, high-speed internet, smartphones, air travel, and automobiles. These innovations have dramatically changed our world in just a century. Among the companies at the forefront of this transformation, Ford stands out, particularly in South Africa, where it has played an essential role for a century!

Ford's beginnings

In 1903, the same year that saw the Wright brothers' historic flight, Henry Ford founded the Ford Motor Company alongside a group of investors. Armed with a modest \$28 000, the company embarked on its remarkable journey. Ford recognised South Africa's strategic importance, appointing local agents in Port Elizabeth to distribute and sell Ford cars.

Celebrating Ford's centenary in SA: What it's like driving a 108-year-old Model T

The Model T revolution

While early Ford models set the wheels of progress in motion, the Model T, launched in 1908, truly catapulted the company to meteoric success. By the end of the 1920s, Ford's Detroit plant produced a remarkable 9 000 vehicles daily, thanks to the introduction of the pioneering moving assembly line in 1913, reducing production time from 12 hours to just 90 minutes.

To meet global demand for the Model T, Ford expanded to Canada, supplying vehicles to the British Commonwealth markets, including South Africa. The Model T quickly became South Africa's favourite car, leading to the decision to commence local vehicle assembly.

100 years of Ford in SA: How it all began with Model T's arrival in 1923

By – Neale Hill – Ford President.. continue

An old wool stoor in Grahamstown Road, in Port Elizabeth was converted into the first Ford Motor Company plant in South Africa – *pic - Quickpics*

Ford's arrival in South Africa

In November 1923, Ford Motor Company of South Africa was established in Port Elizabeth; the company converted an old wool store into its 16th assembly plant outside of the United States. Local assembly began with Model T kits imported from Canada, making Ford the first global vehicle manufacturer to operate in South Africa.

Assembly operations started in January 1924, producing 10 cars per day, with the first locally made models hitting the market in March. Within the first year, 1 446 vehicles were built, emphasising affordability as a key to Ford's success.

Ford Model T – Port Elizabeth – 1920's - *pic - QuickC's*

Early dominance and expansion

In those formative years, Ford dominated the South African market. By the end of 1925, government records showed a staggering 18 118 licensed Fords in the country, almost three times the count of its closest competitor.

By 1926, Ford introduced a variety of colours beyond traditional black, offering options like "deep mole" and "dark green". In the same year, the plant produced a combined total of 2 069 cars and 1 093 trucks.

The production of the iconic Model T culminated in 1927, with an astonishing 15 million units manufactured worldwide. This iconic car was later crowned the Car of the Century in 1999, reflecting its pivotal role in making automobiles accessible to the masses.

ARTICLES

100 years of Ford in SA: How it all began with Model T's arrival in 1923
By – Neale Hill – Ford President.. continue

In October 1930, Ford Motor Company of South Africa relocated to a new factory in Harrower Road, Port Elizabeth, expanding its facilities to 7,032 square metres at a cost of R1 110 503 at the time. The factory initially produced the Model A at a rate of 90 vehicles per day.

Ford Motor Company of South Africa's new plant in 1930.

Formation of Naamsa

In September 1935, the National Association of Automobile Manufacturers of South Africa (Naamsa) was established, with Ford as a founding member. This organisation remains a cornerstone of the industry, nearly nine decades later.

World War II contributions

During World War II, the Ford plant played a significant role, producing almost 60 000 vehicles between 1939 and 1945, with 36 339 cars going to the Union Defence Force. Ford also repaired wings for Anson training aircraft for the South African Air Force. Post-war production resumed in June 1946.

Ford Neave Plant, South Africa – 1972

Expansion in 1947

By 1947, Ford was ready for another expansion, constructing a new plant in the Neave Industrial Township, PE. This R2-million facility officially opened on 1 October, 1948, becoming the largest plant under one roof in South Africa, with an astonishing 354-metre window.

Innovations and local success

In 1954, Ford integrated a modern administration block into the plant for R1 million. The Neave plant produced a range of memorable vehicles, including the Fairlane, Zephyr, Zodiac, Anglia, Prefect, Consul, Escort, Granada, and the legendary two-door Capri.

Early Ford models built in Port Elizabeth during the mid 1970s.

FOR SALE

The following cars, parts, odds and ends etc. are listed in our monthly magazine. The purpose of this page is for the advertisement of items by private individuals and not for businesses/dealers. If you are interested in something, please contact the person directly. The POMC do not take any responsibility of sale/wanted goods.

I bought my MGB in the UK when I was 21 and still have the car. With age Jill and I are finding it difficult to slip under the steering wheel and I have decided to sell the car. It won the MG nationals second place two rallies ago after having been total ground up restored. Here is a photo of the car. Looking for R300,000

I have owned the car for 52 years! Still have the green registration papers from its first registration. I have boxes of spares from the restoration plus manuals and other books.
